CalMac Ferry Service

In the winter when the weather can be unpredictable, it is wise to keep yourself updated on the weather using apps like XC Weather & BBC Weather (See Useful Websites) as this can affect ferry sailings. Text CALMAC SUBSCRIBE 08 to 60030 to receive updates by text message on the service status of the Gigha ferry and download the CalMac app to check for updates.

Certain ferries are by request only and you will need to phone CalMac at Kennacraig 0800 066 5000 before 2pm on the previous day. The request sailings are on the website in both summer and winter timetables.

There are Travel Ferry Cards for the over 60s who live on the island. These will need to be produced every time you travel and qualify the passenger (not the vehicle) for a reduced fare. These are free and can be obtained from the Post Office in Ardminish Stores. You will need to complete a simple form and produce a passport sized photo. Blue Badge holders also qualify for a small discount on ferry travel for their vehicle.

Public Transport:

West Coast Motors run a "shoppers' bus" to Campbeltown every Tuesday (9.30am sailing from Gigha) which leaves Tayinloan ferry terminal car park at 10 am and returns from opposite Tesco at 1pm to the ferry terminal in time for the 2pm sailing to Gigha. Tel: 01586 552319.

Citylink service 926 travels to Glasgow three times per day. The bus only collects passengers from the old shop / post office at the top of the ferry road in Tayinloan village. Please note that the bus does not go down to the ferry terminal car park. See the link on Useful Websites.

It is also possible to travel to Tarbert and Campbeltown on the school buses in term-time. Please check with West Coast Motors for details.

Loganair operates a twice daily return flight to Glasgow Airport from Campbeltown Airport at Machrihanish.

The nearest train station is in Oban and trains to Glasgow stop in Arrochar.

The Isle of Gigha Heritage Trust (IGHT)

The community Trust owns the majority of land and built assets on the island. If you are unsure who to contact about any local matters (excluding emergency situations), try contacting the Trust office for advice. The IGHT was formed to benefit the community of the Isle of Gigha, and its purposes include the economic and social regeneration of the community through sustainable development. To become a Member of the IGHT, you must be 18 years or older to become an ordinary member which entitles you to attend Member's meeting, vote at meetings, and stand for election to the Board after 1 year of membership. If you are aged 16-17 you can apply for a junior membership, however you will be unable to stand for election to the Board or vote at meetings.

Benefits of joining the IGHT is that you will receive monthly newsletters which include updates on all IGHT and wider island activities including community projects and events. You will also be able to vote at meetings and join the Board of Directors. IGHT Members also get permanent free entry to Achamore Gardens. To apply for IGHT membership contact the office on 01583 505390 to receive an application form. The application form is short but must be supported by evidence of being on the electoral roll for Gigha and a payment of £1.

Housing

You must be registered with Homehunt Gigha before you can apply for an IGHT rented property. To find out more about the process, contact the Trust office for a Homehunt Gigha booklet. All available properties are advertised for 28 days on the website, Facebook and on local noticeboards, and only those registered for Homehunt can apply for the property. Contact the IGHT office by telephone 01583 505390 or email shona@gigha.org.uk.

In addition to Trust managed housing, [Fyne Homes Housing Association](#) (Tel 0345 6077117) and [ACHA](#) (Tel 01546 605880) have housing on the island which may be available to let.

Any property sales will be advertised with an Estate Agent and will most likely appear on [Right Move](#).

Driving on Gigha

The roads on Gigha are narrow single-track roads with few passing places. There are limited places for large vehicles, such as motorhomes, to park and turn. You should not park in front of farm gates, access points, residential homes, or locations that will damage our verges. If you see a vehicle coming towards you, or the driver behind wants to overtake, pull into a passing place. Please remember to drive slowly on Gigha to protect livestock and respect other road users. We advise no more than 20mph when passing the village and when approaching corners. The speed limit on roads off the main road is 10 mph. If your vehicle goes off the road and is stuck, you should try contacting someone local to assist in the first instance. If you are unable to ask for assistance, you should try contacting a local business to access their phone to contact someone on the island that can assist with recovering your vehicle.

Moorings and Pontoons

You may be able to arrange to have your tank services at the same time if you contact the office prior to the Autumn when annual servicing tends to take place. Please note that the cost and responsibility of emptying and servicing a septic tank is that of the property owner.

Employment

Local job opportunities tend to be advertised online and in local noticeboards. However, the best way to find out about jobs on the island is to contact businesses who may take a note of your interest in applying for roles:

IGHT - 01583 505390

BakkaFrost (fish farm) - 01583 505319

Boathouse Restaurant - 01583 505123

Given Gigha's close proximity to the mainland, it is possible to commute to employment on the mainland. Job opportunities tend to be advertised in the local Campbeltown Courier newspaper. Jobs at Argyll and Bute Council tend to be advertised on [My Job Scotland](#).

Resilience/Island Life

Island life sometimes means planning jobs takes a little more care and attention - Joe and Hannah at the shop can only hold limited hardware supplies and nipping to B&Q for that vital spare part is not possible. But planning your jobs carefully before hand, ensuring you have all you need plus possibly some spares before you start can limit any problems.

Power cuts do happen, although much less frequently nowadays. Make sure all torches are fully charged and located at various strategic parts of the house and be careful with candles / matches!

Appendix 1: Isle of Gigha Community Emergency Plan

If a major emergency happens it may be some time before help arrives. It's very important that you and your family get together to prepare.

- ✓ Agree a plan in advance with those in your home.
- ✓ Complete this template together and keep it safe in case you need to use it.

If the emergency means it is not safe to go out, the advice is usually to:

- STAY IN** (stay indoors),
- TUNE IN** (to local radio, TV, or the internet, where public information and advice from the emergency responders will be broadcast.)

My local radio station: is on frequency:

If you have to leave your home, get out, stay out, and take others with you.

Think of two meeting places: one near home and one further away in case you can't get home.
